

The American Institute of Architects (AIA)
Continuing Education System
PSI Registered Provider Program Summary Handout

Provider: Panel Specialists, Inc.

Length: 1 Hour

AIA Course Number: IPS09A

Credits: 1 AIA HSW CE Hour

Course Title: Performance Art: Wall Panel Systems for Contemporary Interiors

Description

The following presentation will provide a panoramic view of interior wall panel systems (WPS), differentiate fact from fiction regarding functional and aesthetic characteristics, explore the diversity of products used to create them, and discuss the primary reasons wall panel systems are a malleable finish solution for the dynamic contemporary interior landscape.

Learning Objectives

By completing this course the design professional will be able to:

1. Identify the basic components of an interior wall panel system, and relevant performance and design characteristics
2. Explore with ease the different component options and combinations that affect the performance and aesthetic features of a typical WPS
3. Discern the appropriate assemblies for specific interior requirements and conditions
4. Evaluate the Product's potential value as a versatile interior design solution for projects in multiple markets, building types, and budgets.

Method of Delivery

The course is offered to design professionals in a lunch and learn classroom setting. The course is presented in PowerPoint.

Cost to Participants

The course is sponsored by the manufacturer and is therefore offered to designers at no cost.
